Ongoing disclosure and your 2016 Annual Super Statement

We are changing the way we communicate information about the Fund to you. This letter includes details about those changes, as well as information about your 2016 Annual Super Statement and other Fund information.

Ongoing disclosure to be communicated online

We have a responsibility to keep you informed of material changes and significant events that may affect your account.

We currently make annual statements available online for members unless they have notified us otherwise. From 1 November 2016, we will communicate any ongoing disclosure we are required to give by law, such as significant event notices and updates to documents such as Product Disclosure Statements, via our website (including through Member SuperSite for personal member communications).

We'll let you know either by email or post when the updated disclosure item is available to be viewed online and how you can access it.

If you prefer to continue receiving hard copies of these communications, all you have to do is let us know before 30 November 2016 by calling **1300 362 415**.
